disappeared 4/19/78. It was claimed he was picked up at father's
business place by armed men and arrested, per family. However,
there was some question as to whether they were government people,
or others. GOA reply negative as to detention or whereabouts a
number of times. No record of habeas corpus ever filed. (Note:

was answer to inquiry by Towny Friedman in March 1982. His
mother was one of 4 who came to see Ambassador & you that I typed
a little statement about (along with Bendersky & Varsavsky) but
his name was not on list to FonOff.

Carlos Horacio Bertone: We do not have a card on him. However, Adela
checked her files and they show him in La Plata prison. He was
arrested in early 1976 for investigation into payoff of officials
and fraud. In 1982 he was investigated by Embassy when he applied
for option and cleared. He has not shown up on any of the released
lists that we have checked. (There was a writeup in paper last week
that 80 people were being transferred from La Plata to Rawson prison
but there were no names given. Adela said they probably were poli-
tical prisoners being transferred).
